Sveinbjornson	Knutt	Derkatch	Ewanchuk	Durst	Rock Bottom
	Marwick	Gauthier	Fisher	Clarke	Symes

## Rules:

- 1) Every team plays two games
- 2) Each game is 4 ends long
- 3) There will be 6 envelopes with different ways to score. After each end, the team with hammer opens one envelope to determine how to score the end.
- 4) For all options, both teams are able to score points in the same end.
- 5) Anytime a double is made (**removing any two opponent rocks from play, including guards**) mark it on the score sheet under doubles.
- 6) After all games are done, all points are totalled up (from each end). The team are then sorted into 1st, 2nd and 3rd pools (6 teams in each).
- 7) The tiebreaker is settled by the team with more doubles.
- 8) After the last draw, we have prizes to give away to all teams. We will draw a team from 1st pool, then a team from 2nd, then 3rd, then repeat until all 18 teams have been picked.
- 9) The team with the most doubles will also win the final doubles board of the season, so remember to mark your doubles!!!
- 10) If there is a tie for the most doubles, we will determine the winner by a quick bean-bag toss competition after the final draw.
